Results of the Club Championship

Well, the courses played a little tougher this year, but Mark Miller played well enough to earn his second Club Championship in a row, carding scores of 74-69-80=223 (8 over Par) to win by six shots over Gerry Delgado. (Last year, Mark shot 216 to win by nine.) Congratulations, Mark !

In the Net competition, John Jasso shot 6 over par to win by three over William Ortega and Mark Kusnier in the Championship Flight. In the A Flight, James Lee shot 6 under par to win by six over Henry Hsieh. In the B Flight, Bobby Myape shot 7 under to beat Richard Myers by three.

Of the 55 players competing, 47 or them won money. All the results can be found on pages 2-5.

The Importance of Showing Up

When it comes to playing in Men's Club tournaments, 98% of the participants get it right. They sign up for the event. Show up for the event, play the round in a brisk manner and turn in their scorecard before taking their clubs out to the car.

The other 2% make us crazy.

There is a whole team of Men's Club Board Members who work a lot of hours to make our tournaments go smoothly. They send you messages about the upcoming tournament, inviting you to sign up. They send you reminder messages in case you forgot to sign up the first time. And then, Mister 2%, having signed up, you don't show up. You don't even call to say you can't make it.

Here's what makes us crazy: the tournament chairmen have already put the foursomes together. They've printed out scorecards and cart signs. They worked out all the math for the payouts to the Low Gross, Low Net and Skins Game winners. And because of YOU, everything they've done has to be done again. Which slows down the whole process of entering the scores, determining the winners, and re-calculating the prize money.

So: here are some phone numbers. Put them all in your Contacts list. So when that emergency comes up and you can't play in the tournament, you can call someone and tell them that. They will say "thank you for your consideration".

Club Championship Pace of Play - Friday

For the Friday round of the Club Championship, we had just one check point to measure whether groups were maintaining the proper pace of play. The majority of those groups were great, arriving at the par three ninth tee box as or before the group ahead of them left the green. Of the groups that were out of position, none of them were more than five minutes behind. But finishing the round and turning in their scorecards was different. We don't know what time the 8B group actually finished play on the seventh green, but they took 50 minutes longer to turn in their scorecard than the 8A group. That put them 40 minutes behind the fastest group's turning in their cards. The next five groups added another 30 minutes to the Cume total, and you have a one hour and ten-minute gap between the first and the last scorecards being turned in. And that's how you get five and a half hour rounds.

Special notice should be made of the last six groups to pass through the checkpoint. Every one of them were in position on the ninth tee. And every one of them finished in less than five and a half hours. Well done, gentlemen!

Club Championship Pace of Play - Saturday

What a difference a day makes. We had the same numbers of groups as the day before (14), one more hole to tee off on (10 vs. 9), and only the ladies, playing the first round of their Club Championship, on the rest of the course. (They had 28 players using 7 tees, leaving a one-hole gap between the two competitions.) And the result: **every scorecard had been turned in by 1:07pm.** Discounting the first group, which had a wide-open course in front of the, all the other scorecards were turned in **within a 29-minute span.** Well done, everyone !!!

Club Championship Pace of Play - Sunday

Another great pace of play day ! On Sunday, we had one more group to tee off (a total of 15, using the same 10 holes), the women were playing the second day of their Club Championship) and everybody had their scorecard turned in by 1:17pm ! And thirteen of those groups were in by 1:05pm ! Well done again, everyone !!

What it Takes to Play in Men's Club Events

There is apparently some confusion among a few Industry Hills members about **completing the membership process**. When you pay your \$149 dollars, you are buying an annual membership to the Industry Hills Golf Club. That entitles you to call earlier for tee times and makes you eligible to play in Men's Club tournaments. But **there is a second step** required to actually play in those events. You need to establish your Handicap with the Southern California Golf Association (SCGA). You have to pay the SCGA \$36 for your annual fee. Players without an official Handicap are not allowed in Men's Club tournaments.

It is possible to register your Handicap with the SCGA through another club. It's OK to have your primary membership at another club, but **you must still be a member of Industry Hills to play in tournaments**. Some men have paid their membership to the SCGA and listed Industry Hills as their club. But that isn't enough. You still have to pay the \$149 annual membership to Industry Hills to qualify for events.

If you have any questions on this issue, feel free to contact any member of the Men's Club Board. Their information is on the last page of this newsletter.

Pros' Classic Results

Sixty-five players entered this year's Pros' Classic. The format is Individual Net Play on the Zaharias course. The goal is to beat two of Industry Hill's professionals' Gross Better Ball. This year the pros were Bob Daley and Frank Garcia. Their Gross Better Ball score was 69, two under par. To win, you had to **beat** 69, not just tie it.

This year, four men beat the pros and collected \$100 each. The rest of the net scores and skins games are below. A total of 26 of the players (40% of the field) won money.

2024 Men's Club Calendar of Events

The only significant change to the Men's Club tournaments in 2024 is to make the Brae Invitational a two-day event instead of three days. The tournament will be two-man teams, playing on Saturday and Sunday, and the format will be the same for both days: six holes each of Scramble, Better Ball and Aggregate.

The 2024 Performers' Classic

Participation in the Men's Club weekend tournaments earns you points in the Performers' Classic year-long competition. You earn 50 points for each day you participate in an event, and extra points (100 down to 10) for winning Low Gross, or finishing in the top 10 (Net) in a flight in that event. **The player who finishes with the most points will have his name engraved on the permanent Otha Johnson Cup trophy.** The top 25 point-getters, not counting Board Members or Advisors (in **bold type** below), will win a complimentary round of golf, lunch and a prize at the Performers' Classic tournament, plus a chance to win a one-year Premium Membership.
